

## SOCIALISTS MEET TO NOMINATE DEBS FOR PRESIDENCY

PROBABLE CANDIDATES FOR  
PRESIDENT AND VICE  
PRESIDENT ARE IN  
U. S. PRISONS

### EXPECT TO POLL BIG VOTE

Believe Party Will Receive Endorse-  
ment of Between Two and Three  
Million Voters in Novem-  
ber—Hoan Is to Speak  
in New York

(By Harold D. Jacobs)  
By United Press Leased Wire  
New York.—Socialists will meet  
here in national convention to-  
morrow to go through the formality  
of nominating Eugene V. Debs for  
president. He was expected to have  
no opposition.

As Debs is now serving a 10 year  
sentence in Atlanta federal prison for  
violation of the espionage act, the  
country may witness for the first time  
a candidate for the presidency con-  
ducting his campaign from a prison  
cell.

Among the candidates for vice  
president will be Kate Richard  
O'Hare, serving a ten year sentence  
in Leavenworth on a similar charge  
to that against Debs; Scott Nearing,  
socialist writer and lecturer; James  
O'Neal, socialist editor, and Seymour  
Weisman, lawyer.

The convention probably will con-  
tinue until a week from today. A  
national platform will be adopted and  
plans formulated for the presiden-  
tial and congressional campaign.

Alan Benson, socialist candidate in  
1916, received 585,113 votes. The so-  
cialist high mark was in 1912 when  
Debs polled 897,011.

Morris Hillquit, who is generally re-  
garded as the best authority on so-  
cialism in the United States, pre-  
dicted today that the socialist vote  
this fall "will run between two and  
three million."

The national executive committee  
was drawing up final plans for the  
convention today. This body consists  
of William M. Brandt, St. Louis; John  
Nagel, Oklahoma City; Edmund J.  
Jenns, Milwaukee; Oliver C. Wil-  
son, Chicago, and William H. Henry,  
James O'Neal and George E. Roemer,  
all of New York.

Among the speakers will be Hill-  
quit, Stedman and Mayor Hoan, of  
Milwaukee. There will be several  
"fraternal" delegates present from  
labor unions. They will have a voice  
in the proceedings but no vote.

A new chairman and vice chairman  
will be elected each day. Otto Braun-  
stetter, Chicago, was scheduled to be  
temporary chairman.

## WOMAN'S CLUB HOLDS ANNUAL MEET MONDAY

PLANS FOR COMING YEAR WILL  
BE DISCUSSED AT GATH-  
ERING IN PEABODY  
HALL

The annual business meeting of  
the Appleton Woman's Club will be  
held at 7:30 o'clock Monday night  
at the Lawrence Conservatory. In-  
stead of Tuesday night as scheduled.  
The change is due to the fact that  
because of the lecture to be given  
Tuesday night by ex-President Taft.

The meeting will mark the close of  
the club year. Reports will be read  
by officers, department and commit-  
tee chairman. At the board meeting  
of the club yesterday afternoon sev-  
eral recommendations were prepared  
which will be acted upon at Monday's  
night's meeting. One of the most  
important matters will be the choice  
of a recreational director. The com-  
mittee in charge has several applica-  
tions for the position.

Hereafter officers will be elected  
at each annual meeting. The pres-  
ent by-laws provide that successors  
to the present officers shall be elected  
in May, 1921, so that no elections  
will be held Monday night.

The program committee will pre-  
sent a tentative program for the new  
club year. It is expected that the de-  
partments in their reports will in-  
clude some hints of their plans for  
next year.

## MILITARY FUNERAL AT KAUKAUNA TODAY

Several members of Oney Johnson  
post of the American Legion were at  
Kaukauna this morning to attend the  
military funeral for Leo Farrell, ne-  
phew of Dr. Doyle of Little Chute,  
whose body was recently returned  
from France. Services were held in  
St. Mary church at Kaukauna. Re-  
presentatives of the Appleton, Little  
Chute, Kaukauna and Darby posts of  
the legion were in attendance.

### WAR HISTORY MEMORIAL PLAN IS DEFEATED IN ROCK COUNTY

Janesville, Wis.—Declaring that a  
better memorial to former service  
men would be publication of a volume  
telling the part the soldiers played in  
the war against Germany, M. P. Rich-  
ardson, supervisor from Janesville,  
asked the board to appropriate \$6,000.  
The plan was defeated when  
Supervisor Wilson Lane stated it  
would cost not less than \$25,000. Mr.  
Richardson suggested the employ-  
ment of a "scholarly historical stu-  
dent" at \$2,000 a year for two years  
to write the book.

## CARRANZA FLIGHT FROM CAPITAL IS DOUBTED BY U.S.

WASHINGTON OFFICIALS INCLIN-  
ED TO BELIEVE REBEL RE-  
PORT IS INACCU-  
RATE

### START FOR MEXICO CITY

Large Force of Rebels Is Concentrat-  
ing for March on Mexican  
Capital—Carranza En-  
emy Is Fighting With  
Obregon

By United Press Leased Wire  
Washington.—Mexican revolution-  
ary headquarters here announced to-  
day that a dispatch had been re-  
ceived from Laredo reporting that  
President Carranza departed from  
Mexico City during the night.

The announcement was not con-  
firmed from official sources.  
The telegram was received here at  
2:30 a. m. It was filed at Laredo  
an hour earlier and purported to come  
from revolutionist sources in Mexi-  
co City.

Carranza, according to the tele-  
gram, started for Vera Cruz. He was  
guarded by loyal troops. Some Wash-  
ington officials doubting the accu-  
racy of the report, pointed out that  
revolutionary headquarters yester-  
day announced they were in com-  
mand of one section of the Vera Cruz  
railroad completely blocking Carranza  
in Mexico City.

Forces of General Murquiza, fed-  
eral commander, dispatched from  
Mexico City to attack General Pablo  
Gonzales at Puebla, defeated the  
rebels at Otumba, according to au-  
thoritative advices to Washington to-  
day.

General Gonzales, who recently re-  
belled against Carranza, was reported  
to have announced that he is not  
supporting General Alvaro Obregon  
and that he would resist Obregon's  
forces.

Rebels Concentrate  
Agua Prieta, Sonora.—Concentra-  
tion of revolutionary troops for the  
proposed march on Mexico City was  
under way today in Sonora and Chi-  
huahua.

"Colonel Rodriguez" force of five  
battalions which left Agua Prieta  
yesterday afternoon, was reported to  
have reached the watering place be-  
tween Agua Prieta and Pulpito Pass.  
It is estimated that it will take Rod-  
riguez four days to reach the rail-  
road at Casas Grandes, and probably  
two days from there to Juarez. The  
route lies over a hot desert.

From Juarez the revolutionary  
army will march south to Chihuahua  
City with the Juarez garrison. At  
Chihuahua the force will be increas-  
ed to at least ten thousand. Then  
the army will go to Torreon and ex-  
pects to follow the railroad to Mexi-  
co City.

### POLES CLAIM MORE SUCCESS IN RUSSIA

By United Press Leased Wire  
London.—"The fall of Kioff is an  
accomplished fact," the Polish in-  
formation bureau today announced.  
The statement, however, was ac-  
cepted with reserve because of earlier  
unfounded reports that the Bolshe-  
viki had been driven from the capital  
of the Ukraine.

The whole of the Ukraine, east of  
the river Dnieper, is rising against  
the soviets, the Polish statement said.  
The Bolsheviks are retreating in  
panic toward the Dnieper, the Poles  
pursuing closely, the Daily Tele-  
graph's Copenhagen correspondent  
stated.

### DENY JURY PREJUDICED AGAINST COAL MINERS

By United Press Leased Wire  
Indianapolis.—Government attor-  
neys prosecuting the case against  
125 coal miners and operators in-  
dicted by the federal grand jury for  
alleged violation of the Lever act,  
today denied that the instructions  
given the grand jury were prejudicial  
to the defendants.

Dan W. Sims, special assistant dis-  
trict attorney in charge of the case,  
filed a reply refuting charges made  
by Charles Evans Hughes yesterday  
in court here.

### PLAN CONFERENCE FOR OLDER BOYS

Plans for the Wisconsin Older Boys  
eighteenth annual conference to be  
held at Madison November 25, 27 and  
28, will be made at a meeting of the  
advisory committee at Milwaukee  
Tuesday afternoon.

Jack Payne, boys' work secretary  
of the local association, one of the six  
members of the committee will attend  
the meeting. John Showalter, state  
president of the conference, will also  
attend the session.

### KENOSHA MAN KILLED IN AUTOMOBILE CRASH

Racine.—Clem Opinsky, Kenosha,  
died at the hospital here as result of  
injuries, sustained Sunday night  
when he was knocked down by his  
own automobile.

Opinsky was stopped by a police-  
man, who charged that he was driv-  
ing without lights. The car was left  
standing on the street railway tracks,  
while Opinsky explained.

A second car approached and the  
motorman, failing to see the auto-  
mobile, crashed into it. Opinsky was  
thrown onto the pavement, and his  
skull was fractured.

## Borah Determined To Stop Huge Campaign Expenditures

(By L. C. Martin.)  
By United Press Leased Wire

Washington.—Announcing a de-  
termination to "clean up the republi-  
can party," Senator Borah has set  
out to compel the serious attention of  
leaders to his charges of undue and  
improper pre-convention campaign  
expenditures.

If Borah's plans work out the way  
he hopes, the republican nomination  
for president may hinge upon the  
question of expenditures of money and  
promises, it seemed evident to-  
day.

Borah will first concentrate his en-  
ergy on getting his resolution for a  
senatorial investigation adopted. The  
senate elections committee is expect-  
ed to take it up this week. Borah  
hopes that Senator Kenyon, Iowa,

will be named chairman of a sub-  
committee to investigate.

The next move probably will be to  
gather information concerning a large  
number of contests in southern  
states. These contests which are be-  
ing made in practically every south-  
ern state are being paid for from  
some mysterious source, according to  
Borah's alleged information. Invest-  
igation will show, he asserts, that  
the contests in many cases have been  
"engineered" by northern politicians  
for purposes of their own.

Borah intends, he said, to have this  
phase of the investigation conducted  
in Chicago, while the republican na-  
tional committee is hearing the con-  
tests there, in order to bring directly  
to the attention of the party leaders  
the charges concerning the contests.

## GOV. EDWARDS WILL STAND ON WET PLANK

NEW JERSEY EXECUTIVE AN-  
NOUNCES HE WILL SEEK  
DEMOCRATIC NOMI-  
NATION

(By Herbert W. Walker)  
By United Press Leased Wire

Washington.—With the legalizing of  
light wines and beer as his main  
plank, Governor Edward I. Edwards,  
of New Jersey, was definitely in the  
race for the democratic presidential  
nomination today. The announce-  
ment of his candidacy came last night  
with the assurance that Edwards will  
actively participate in the campaign  
for nomination. Since his stand for  
light wines and beer in New Jersey  
and his fight on constitutional prohibi-  
tion in general, Edwards has re-  
ceived many appeals from members  
of both parties to make the race, his  
friends said.

As an indication that he will be a  
factor at San Francisco, his friends  
point to the strength he revealed in  
the primary in Michigan which had  
adopted statewide prohibition before  
the constitutional prohibition amend-  
ment became effective.

## ELKS CELEBRATE AS THEY BURN BONDS

EATS, SPEECHES AND VAUDE-  
VILLE FEATURED ELABO-  
RATE PROGRAM LAST  
EVENING

Appleton Elks celebrated the tak-  
ing up of the second mortgage bonds  
on the club house, amounting to \$10-  
000, with a big meeting Thursday  
night. The program closed with the  
burning of the bonds by Attorney J.  
P. Frank.

The bonds were issued for twenty  
years, but the local lodge completed  
payment May 1, seven years after  
issuance.

One hundred and seventy-five men  
attended the banquet, which began at  
6:30 o'clock. A large number who  
were unable to attend the banquet  
were present for the program which  
followed.

Early history of the Appleton lodge  
was told in an address by Attorney  
P. S. Bradford. J. P. Frank, exalted  
ruler before and during the erection  
of the club house, related the events  
of that time.

Sixty per cent of the present mem-  
bers, about 200, were brought in by  
Charles Bender, Attorney Frank said.  
P. P. Young, exalted ruler, in a  
speech, told of plans for the future  
of the local lodge.

It was brought out at the meeting  
that only two men, Thomas Reid and  
John Conway, present members, have  
belonged to the lodge since its or-  
ganization here.

Four big vaudeville acts were also  
a feature of the evening. Several  
pleasing numbers were rendered by  
the Lawrence College Boys Glee club.  
Three other acts, from the Western  
Vaudeville circuit, were on the pro-  
gram.

### SEEK TO REDUCE THE NUMBER OF ACCIDENTS

Madison, Wis.—The Railroad Com-  
mission is making a determined ef-  
fort to lessen the number of railroad  
crossing accidents, by which in 1919  
in Wisconsin 77 persons lost their  
lives and 202 persons were seriously  
injured. It has had printed and will  
soon distribute fifty thousand notices  
for posting in railroad offices,  
garages, banks, hotels, postoffices,  
etc. The notices are striking in ap-  
pearance, with the startling heading  
"YOU MAY BE THE NEXT."

The notices are cuts of four station-  
ary railroad crossing warnings and four  
movable warnings. "One out of every  
\$400 persons in Wisconsin in 1919,"  
says the notice, "was either killed or  
seriously injured at grade crossings."  
There are 9,000 grade crossings in  
Wisconsin and all grade crossings  
are dangerous. "All the railroads and  
many of the street railways and in-  
terurbans operating in the state will  
aid in distributing and posting the  
notices."

### FISH PLANTED IN DOUGLAS WATERS

La Crosse, Wis.—Land-locked sal-  
mon will be planted in the Brule riv-  
er, according to a letter received by  
T. J. McCarthy, president of the  
Douglas County Fish and Game Pro-  
tection league. The Wisconsin con-  
servation commission will place the  
fish in the water. Members of the  
commission say that this salmon is  
of excellent quality and reaches a  
weight of twenty pounds. It is also  
the intention of the commission to  
plant some silver trout in the Dou-  
glas county waters, the letter says.

## URGE DRASTIC STEPS TO SUPPRESS IRISH

SUGGEST SINN FEINERS BE IN-  
VITED TO CONFERENCE—  
RELEASE THE "HUN-  
GER STRICKERS"

(By United Press Leased Wire)  
London.—More drastic measures

to suppress disloyalty in Ireland  
were urged by speakers in the house  
of lords last night.

During debate on the Irish ques-  
tion, Lord Asquith suggested that  
the government invite "the leading  
intellectual" Sinn Feiners to a con-  
ference over conditions in Ireland.

If Sinn Fein refuses, he said,  
Great Britain will know that a state  
of war exists enabling her to sup-  
press Sinn Feinism with the full pow-  
er of the government.

Fourteen more of the hunger  
striking Sinn Fein prisoners in  
Wormwood Scrubs prison have been  
released, leaving 166 still in jail.  
Many of those still confined have  
gone without food for 17 days, it was  
reported.

A Dublin dispatch said the coron-  
er's jury investigation of the shoot-  
ing affray of April 17, in which three  
civilians were killed, has returned a  
verdict of wilful murder against  
three members of the constabulary  
and seven soldiers. Warrants for  
their arrest were issued.

## SPOKANE IS SMALLER THEN TEN YEARS AGO

By United Press Leased Wire  
Washington.—The census bureau

today announced the following 1920  
population figures:

Spokane, Wash., 104,204; decrease  
since 1910, 198, or 0.26 per cent.  
Moultrie, Ga., 6,789; Louisville,  
Ga., 1,040; Avera, Ga., 258; Staple-  
ton, Ga., 410; Wrens, Ga., 1,074;  
Barlow, Jefferson County, Ga., 582;  
Wolf Point, Mont., 2,098; Chico,  
Calif., 8,852.

Increases since 1910:  
Moultrie, 3,440, or 102.7; Louis-  
ville, one, or 0.1; Avera, 30, or 12.2;  
Stapleton, 40, or 10.8; Wrens, 458,  
or 74.4; Barlow, Jefferson County,  
Ga., 198, or 51.6; Chico, 5,122, or  
136.6; Wolf Point, Mont., incorporat-  
ed since 1910, no comparison.

### EXPECT 150 AT SUNDAY SCHOOL TEACHERS' MEET

About 150 Sunday school workers  
and teachers will attend the union  
meeting at the Y. M. C. A. Monday  
night. The program will be pre-  
ceded by a 6:30 o'clock supper. F.  
J. Harwood of the Congregational  
church will preside.

Reports of delegates to the state  
Sunday school convention at Neenah  
will be made. The program:

Report on "Training Workers and  
the Amusement Question"—Mrs. B.  
W. Wells.

Report on "Daily Vacation Bible  
School"—Mrs. H. K. Pratt.

Report on "Community Training  
Classes"—The Rev. George E. Slick-  
ney.

Report on "Summer Sunday School  
Program"—Mrs. George Packard.

### BADGER MOONSHINER NABBED BY OFFICERS

By United Press Leased Wire  
Milwaukee.—City detectives and  
federal prohibition agents today were  
confident they had discovered the  
source of poisonous moonshine that  
thus far had caused ten "wood alco-  
hol" cases, three of them yesterday.

The "source" was a still on a farm  
near Cudahy containing a fifty gal-  
lon vat, a lead coil, one thousand gal-  
lons of raisin mash and twenty-five  
barrels of raisins.

The detectives were looking for  
loot stolen from the Northwestern  
Railway. They found that too one  
thousand pounds of white flour and  
several barrels of shoes.

Andrew Kubinski, farmer, was ar-  
rested with two alleged accomplices.

### WOMAN ASKS \$5,000 DAMAGES FOR INTERURBAN CAR INJURY

Kenosha, Wis.—The Milwaukee  
Electric Railway Co. is defendant in a  
damage suit for \$5,000 instigated by  
Miss Emily Bagdonas, Kenosha, for  
injuries said to have been sustained  
when she was struck by an interur-  
ban car. It is alleged that Miss Bag-  
donas was dragged 90 feet.

There is no use arguing with any  
man who is strong-minded enough to  
wear a derby hat in the middle of  
summer.

In China, there is one doctor to  
every 400,000 people. In the United  
States, there is one to every 712.

## LABOR BOARD TOLD HOW WAR PADDED RICH MEN'S PURSES

HIGH COST OF LIVING DUE AL-  
MOST ENTIRELY TO PRO-  
FITTEERING, WIT.  
NESS SAYS

### BIG BURDEN ON PEOPLE

Former Secretary of National War  
Labor Board Said War Profits  
Increased Family Burden  
by \$240 a  
Year

By United Press Leased Wire  
Washington.—Profits of practically  
all big corporations dealing in food,  
clothing, fuel and basic raw ma-  
terials now are more than 100 per  
cent greater than before the war, W.  
Jett Lauck, former secretary of the  
national war labor board, told the  
railroad labor board today.

In support of his testimony, Lauck  
submitted United States treasury re-  
ports and published statements of  
groups of corporations showing aver-  
age net profits compared with cap-  
ital stock totals for three year periods,  
1912-14 and 1916-18.

Sugar profits, Lauck showed in-  
creased generally 200 per cent; meat  
packing profits between 200 and 400  
per cent; clothing 500 per cent; shoes  
100 per cent and coal 400 per cent.

Profits of from 25 to 100 per cent  
on capital invested were not uncom-  
mon for hundreds of corporations  
during the three war years, according  
to Lauck's evidence. This would in-  
dicate that many big corporations  
earned enough during the war period  
to entirely return their entire invest-  
ment, he said.

Lauck appeared in behalf of rail-  
road workers asking the board to  
approve their demands for wage in-  
creases totalling approximately \$1-  
000,000,000 annually.

He blamed advancing living costs  
almost entirely upon profiteering.

Lauck called the board's attention  
to public statements of 205 concerns  
which showed a net earning of 8.7  
per cent on capital stock in 1912-14  
and 23.9 per cent in 1916-18. These  
corporations include 57 concerns  
dealing in the basic raw materials,  
steels, copper and manufactured  
metal products; 29 dealing in food  
products including meat packing; 19  
in clothing; 64 in fuel, light and  
housing and 36 dealing in mercantile  
goods and agricultural supplies.

"The outstanding fact," said Lauck,  
"is that during the years 1916-18  
these corporations earned \$1,250,000-  
000 a year, or nearly 24 per cent of  
their capital stock. This appears to  
be nearly three times the average for  
the pre-war year of 1912-14. They  
were due in large measure to the fact  
that these corporations took a large  
proportion of every dollar spent by a  
purchaser."

If all corporations did as well as  
the 205 cited, corporate profits were  
\$4,800,000,000 greater during the three  
war years than in the pre-war period,  
Lauck said.

"A total of \$4,800,000,000 a year,"  
he said, "means \$240 per family of five  
throughout the nation. Consider that  
each family paid as a toll not to so-  
called legitimate profits, but to ex-  
cess war profits over pre-war profits  
\$240 a year, and one gains an idea of  
the total burden which profiteering  
meant to the country."

"During the three years of 1916-18,  
the consumer has been paying the  
food corporations, whose reports are  
available, over two and one-half times  
as large profits as were considered  
acceptable before the war."

The profit in a pound of sugar,  
Lauck showed, was three times as  
great during the war as before.

The high price of sugar, he said,  
"was the direct result of speculation.  
The net profits of 12 refining and  
producing companies as shown by  
their reports, totalled \$11,000,000  
during 1912-14 but rose to \$34,000,000  
during 1916-18, that is from 6 1/2  
to 19 per cent on capital stock."

"Four big meat packing houses  
earned during the years 1915-17, a  
total of \$140,000,000. Such profits  
were made despite enormous deduc-  
tions for excessive salaries, adver-  
tisements and overhead charges. All  
together in 1912-18, these concerns  
took one quarter of a billion dollars  
in profits or nearly double the pre-  
war value of their stock."

Lauck also submitted treasury data  
to show that of 232 bituminous coal  
companies, reporting 234 showed net  
profits of 29 per cent after every pos-  
sible deduction; 218 over fifty per  
cent on capital stock; while 118  
earned net profits of over 100 per  
cent.

### COMMISSION BOOSTS KENOSHA WATER RATES

Kenosha, Wis.—Water rates for the  
city of Kenosha were boosted in an  
order handed down by the Wisconsin  
Railroad Commission. Rates for the  
first 5,000 cubic feet are left the same,  
but the rate for the second 5,000 cubic  
feet is increased from \$5 to \$1, for  
the next 10,000 from 65 to 90, and  
so on accordingly. The minimum rate  
for all over 1,000,000 cubic feet is  
raised from 25 to 45 cents per 1000.  
The order puts the increase on the  
larger consumer.

It is a bad omen for the wedded  
couple if a person in mourning passes  
the open church door while the cere-  
mony is being performed.

If all the speeches made in con-  
gress in one year were pasted to-  
gether in one sheet—nobody would  
read them.

## Doctors Say Kill Child To Save Mother

President of Marquette University  
and Doctors Disagree on Course  
to Pursue and Resigna-  
tions of Five Faculty  
Members Follows

By United Press Leased Wire  
Milwaukee.—The announcement  
yesterday that five members of the  
faculty, medical school, Marquette  
University, a Jesuit institution, had  
resigned because of differences with  
Father Noonan over the question that  
causing the death of an infant to save  
the life of the mother, was murder,  
has caused statewide interest.

Father Noonan insists the principle  
is based on ethical and not religious  
grounds, and that only self-defense,  
war and capital punishment justifies  
taking of human life.

### Attacks School.

Dr. C. Henry Davis, one of the  
physicians who resigned, insists that  
the controversy indicates that Mar-  
quette University is non-sectarian  
only to the extent that students need  
not be members of the Catholic faith.  
He adds that a mother has as much  
right to "defend herself against  
death by puerperal sepsis in case of  
her life or that of her child as she  
would have were a child to point a  
gun at her."

Dr. Davis' views summarizes those  
expressed by other members of the  
faculty who resigned and that of oth-  
er interested Milwaukee physicians.

"It has been stated by men who  
are not friendly to the school that  
the university is now assuming pow-  
ers that were turned over to the  
board of trustees of the medical

The five physicians who resigned  
from the Marquette Medical school  
faculty are Drs. Louis Warfield,  
Charles H. Stoddard, A. J. Patek, C.  
H. Davis, and J. D. Madison.  
Several of the physicians an-  
nounced that their resignation was  
due to a difference of opinion on "the  
university's theory that the life of the  
infant must be saved before that of  
the mother."

## FINE DISPLAY AT LINCOLN SCHOOL

BIG CROWD VIEWS WORK OF PUPILS IN ANNUAL EXHIBITION  
—FOURTH GRADE SCHOOL—  
TODAY

The second of the series of exhibits and entertainments at the second school district was held last evening at the Lincoln school. Each grade had its work attractively displayed in its own class room. Much creditable work was done in drawing and cut work but the greatest admiration was expressed for the needlework of the girls in the upper grades and for the products of the manual training shop. Dresses and other wearing apparel equal to the work of experienced workmen was shown. There were many small pieces

of jewelry and other articles among the woodworking exhibits.

Throughs passed through the rooms all evening viewing the results of the season's technical efforts. A program

of songs and musical numbers was given in the auditorium.

A similar exhibition was held at the Franklin school Wednesday evening and was well attended. The closing display will be held tonight at the Columbus school. The Columbus forum will also hold its closing meeting to which the public will be invited. Prof. W. C. Hewitt of the Oshkosh Normal school is to deliver the address.

CELEBRATES ARBOR DAY BY PLANTING MEMORIAL TREE

Arbor day was observed by the Kimberly graded school today with fitting exercises. A program was given at 9:30 o'clock this morning, including a moving picture show. Planting of a memorial tree followed and a picnic dinner was served in a park nearby.

## FANCHON AND MARCO SHOW IS PLEASING

PRETTY GIRLS AND CLEVER ENTERTAINERS DRIVE TROUBLE FROM T. B. M.'S HEAD

Fanchon and Marco, assisted by a million dollars worth of girls and several of the cleverest comedians seen here in many years, pleased an audience which packed Appleton Theatre to the roof last evening, despite the fact that it was the second time the company has played here.

"Let's Go!" is the keynote and they did not. One rollicking farce followed another in bewildering fashion and the audience was kept in the best of spirits.

The revue makes no pretense of being instructive or of anything of that sort but it is clean and is entertaining and it is.

Nelson and Chain, two comedians, were among the cleverest actors seen here in a long time. They have a fund of good humor and "put over" their stuff in good style. Arthur West, black face comedian, is a star and got many a laugh. He was ably assisted by "Bill" Doolley who knows how to dance and tell a story.

Many a married man congratulated himself that he didn't have a flock of daughters whose tastes for clothing were like those presented last night. Often times the girls didn't wear a great deal but occasionally they sported costumes that turned many a girl pale with envy and sent cold shivers down the backs of men who have dressmaker bills to foot.

It was a good show and thoroughly appreciated.

PROGRAM PLANNED FOR FIRST TEACHERS' MEET

The first meeting of the Appleton section of the Outagamie County Teachers' Federation will be held at the courthouse at ten o'clock Saturday morning. Officers will be elected and a program rendered. A. G. Meating, county superintendent of schools, will discuss "The Duties of Teachers in First-Class Rural Schools"; F. S. Walsh, "Socialized Spelling"; W. P. Hagman, "Letter Writing"; Miss Beatrice Cooney, "Pennmanship"; and Miss Doris Behrend, "Problem Method of Teaching."

## STEVENS POINT TRACK STARS HERE TOMORROW

Lawrence college track athletes will have their first test of the year when the Blue and White meets Stevens Point Normal in a dual meet at Lawrence field tomorrow afternoon. Coach Beyer's squad has been working out of doors for the last week, and the men are in good shape for the meet. The Pointers have always given the Lawrentians a tough fight in past years, especially in the track events and tomorrow promises to be no exception.

## CREDIT

There is hardly anyone but who can easily afford to spare a small amount each week or two and thereby dress in style and good taste. Thousands of Appleton women (many of them, no doubt, your neighbors) are solving the clothes question in just this way. Is there any reason why you too shouldn't take advantage of the liberal credit terms this store offers and dress equally as well? Why not come in, at least, and inspect the beautiful things we show for the coming summer? Let us explain how simple it is for ANYONE to Open a Charge Account here.

### MEN! Your Clothing Problem is Solved Here

We admit that it is a hard proposition to walk into a so-called cash store and lay down \$50, \$75 or \$100 in cold cash for a Suit of clothes. But there is no necessity for doing that.

The People's will let you select the Suit you want, and you can pay for it in small weekly sums. And you'll find a selection of stylish, serviceable clothes here that will certainly please you. Included are smart, snappy models for young men, as well as the more conservative styles for the older men.

## O'DOWD LOSES TITLE TO EASTERN UNKNOWN

By United Press Leased Wire  
Boston—Johnny Wilson, of Charlestown, Mass., was the new middleweight champion of the world today. He defeated Mike O'Dowd, of St. Paul, on points in a 12-round bout here last night.

Referee Hector McInnes gave the decision to Wilson.

Wilson shot a terrific left to O'Dowd's jaw in the second round which dropped the St. Paul fighter. He was on his feet, however, before the referee could begin to count.

Seven of the 12 rounds went to Wilson. O'Dowd took three rounds while two were even.

Around his home, Johnny Wilson, the new world's middleweight champion, is John Francis Panica. He was born in Harlem in 1893 and did his first boxing in New York at the Snarekey Athletic Club. He has been considered the New England states champion for some time. He had never met a real high class fighter, confining his activities to bouts with such as Joe Eagen, Pat Reid, Leo Houck and other second-raters.

## THE MEXICAN REVOLUTION

Although we hear a great deal about the prospective overthrow of Carranza, the progress of the Mexican revolution is not very well defined. It seems to be evident that the rebels are making headway, and certain press dispatches are interpreted by those newspapers excessively committed to intervention as indicating that the situation is so serious we may expect to hear of the flight of Carranza from the country. Perhaps the state department has in its possession information which it is not disclosing to the public, for there does not appear to be anything in the news thus far received direct from Mexico that demands the presence of a considerable American naval force in Mexican waters, and yet we are dispatching our warships to the east coast.

Public opinion in this country is anything but friendly to Carranza and would like to see him overthrown, but it would like to have assurance that the forces which wrought his downfall represented something better than the government he has been directing since he forced his way into power. We can never tell what is happening in Mexico until it has happened, so that in the present demonstration against the government we have to shut our eyes and wait for developments and their significance. The time is at hand, however, when an energetic policy at Washington in behalf of a constructive and responsible government, even though revolutionary in character, could easily become the means of Mexico's emancipation. The attitude of the United States toward Mexico must always be a large factor in the solution of the great and difficult problem of working out her political liberty and economic security.

## WHAT WILL DELAWARE DO?

There seems to be a good prospect of Delaware's reversing itself on the suffrage question and conferring upon itself the honor of being the thirty-sixth state to ratify the constitutional amendment which enfranchises women. The senate having ratified by a vote of eleven to six, the resolution now goes to the house where extraordinary political and social pressure will be brought to insure its adoption. The house in April rejected the amendment by a vote of twenty-three to nine but it is apparent that sentiment has changed since that time and that the consequences of defeating suffrage are sufficiently serious to be well considered.

The Republican congressional committee has urged members of that party to support the resolution, and although the real opposition comes from the Democratic party it is not unlikely that political influence may accomplish the desired results. Failure of Delaware to ratify the amendment would not absolutely close the door to women being given the right to vote in the presidential election, but it would materially reduce the chances and might prove to be the fatal obstacle.

That party which stands between women and the vote in the approaching election must assume a responsibility it will ultimately regret. It makes no difference what an individual thinks or what the historical tendencies of a party may have been, the great fact remains that the women are entitled to the right and that it is the overwhelming opinion of the country that it should be conferred upon them.

## INDEFINITE REMEDIES

Mr. Hoover's first effort to define his views at some length, published the other day in the New York Tribune, seems to have caused disappointment in more quarters than one. "We have groped patiently through the two thousand

words," says the New York Sun, "without discovering a single darning thread greater than election platitudes." The Sun complains of a "Hoover-demanding specifications and handing out the sleaziest sort of generalities." It may be said that the tone of this is evidence that the Sun is committed to another Republican candidate, but the comment of the New York Times is similar. The Times admits Mr. Hoover's sincerity, but objects to his vagueness. "Mr. Hoover wants to bring about better conditions, he does not believe in either radicalism or reaction, and he thinks party platforms should be constructive, though in what way he does not say. He is for the league of nations 'with proper reservations,' but what does the phrase 'proper reservations' mean? He says that steps to check profiteering should be stated in the Republican platform. What steps? He does not say, or even hint.

Perhaps he does not know. Who does? It is only just to admit that other candidates are equally vague and platitudinous. It is much easier to see the need of remedies than to provide them and point out precisely why they ought to work. Mr. Taft says Mr. Hoover is strong with the real American people, while Johnson is strong with the pro-Germans, Sinn Feiners and Socialists. If the ex-president is right about Hoover's strength with the people, this is a tribute to his character and reputation for executive ability rather than the result of enthusiasm for any remedies he has proposed for the country's ills.

## A BRITISH COME-BACK

In the British parliament the other day a member "with a semblance of gravity" urged that the house should pass a resolution expressing sympathy with the aspirations of the Filipinos for independence and the hope that the Washington government would grant the demand for it which a commission from the islands has made. There was a time when every American might with good reason have regarded this as gross impertinence, but that time passed and with it any reasonable cause for complaint when recently our senate voted through a similar resolution with regard to Ireland.

The resolution in the senate actually passed, but in the house of commons the resolution relating to the Filipinos got no further than a member's suggestion. Speaking in response for the British government, Andrew Bonar Law said he knew nothing about the Filipino commissioners and that the matter was one in which Great Britain had no concern. It was significant that this very proper view of the matter met no objection from any part of the house of commons and the subject was dropped. Evidently the thing was planned merely as a polite rebuke to the American senate in the form of a reminder of what the house of commons might also do did it not prefer to mind its own business.

## JAPAN FACES BITTER FIGHT

Tokyo.—The time for the general election which is to elect members to the Diet, to take the place of that which was suddenly dissolved recently, has been set for May 10, and tremendous interest is being taken in the event, with both sides determined to fight to the last ditch.

The government has given out that the Department of Justice, which will have control of the election, will take most stringent measures in order to prevent disturbances or irregularities, and that it will take drastic steps against anyone found to be interfering with the working of the machinery.

While soon after the dissolution of the Diet it was generally believed that the government would have a comparatively easy chance of victory, owing to the fact that the party in power always has a great advantage, this belief appears now to be changing to some extent. This is because of the fact that many of the business men, who have always been the strong supporters of the Hara business government, are now coming out in opposition to the administration, owing to its proposal to raise the tax rate, a step which will be imperatively necessary to provide funds for the great increases in the army and navy budgets, to which the government is pledged.

In order to combat the increase in the tax rate, particularly that of wealthy men and corporations, a taxation investigation club has been formed by members of chambers of commerce, stock exchanges, and insurance associations, which intends to lead the fight against the tax increase, and this will without doubt cause some difference in the line-up of the forces at the polls.

Considerable fear is also being felt that the masses may attempt to make their influence felt, and some papers and popular leaders have gone so far as to predict that Japan is likely to see demonstrations similar to the rice riots of the fall of 1918, in the near future. The ugly temper of the working people is being shown by frequent "go slow" strikes, a form of expression which is rapidly becoming the popular form of labor demonstration in Japan. Thus the tram-car men, who only a few weeks ago won out in a strike for higher wages, are again getting ready to enforce a demand for shorter hours by means of giving the worst possible service, and various other workers in different parts of Japan are taking similar action. The situation is summed up by the Jiji, one of the leading Tokyo dailies, which says:

"Since the universal suffrage question became an issue in the Diet, the temper of the people has assumed a serious aspect, and the agitation conducted in Tokyo have been disorderly and unseemly. Indeed, it was feared that such demonstrations would have the effect of delaying the adoption of universal suffrage. Strikes or 'go slow' campaigns have been reported from many parts of the country, and there are various movements of reconstruction.

## HEALTH TALKS

BY WILLIAM BRADY, M. D.  
NOTED PHYSICIAN AND AUTHOR

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

### HOW BOTH THE MYTHICAL STORK?

Here is the toughest proposition the oracle who conducts this column has been handed in many a moon:

Dear Dr. Brady:  
I am a little girl 8 years old. I read your piece in today's paper and I do not want to ask you why the stork does not bring me a baby sister or brother. And does the stork really bring babies? Would you please tell me the truth about it, as I sometimes doubt it. If you do not tell me I will ask mamma. Please write soon as I am anxious to hear from you.

MARY

My Dear Mary:

There are a great many little girls and little boys who wonder where the stork has gone on a strike, but most of them just wonder and do not ask mamma and papa about it at all. So mamma and papa never tell them anything about it, and that is too bad.

Now I am sorry, my dear little friend, but I just can't lie to such a bright little girl as your letter shows you to be. You have probably learned by this time that another mythical personage, by the name of Santa Claus, is nothing but the love of mamma and papa and grandma and uncle and auntie and everybody. Well, the stork is like this man Santa Claus. He stands for mothers and fathers, or rather for their love of children. You remember Jack Frost, who stands for icicles and wintry cold; and of course you've met the Man in the Moon who smiles at little girls sleeping on warm summer nights. Then, too, there's Old Sol who beats you up every morning, nearly. All these are mythical personages. The stork brings babies, but he doesn't really fly over the chimney tops with them in his bill. Yet he brings 'em, just the same.

Out of the great love mamma and papa have for each other and for the baby of their dreams that baby takes to itself life. God blesses the tie that joins father-to-be and mother-to-be and says "Let there be a new life," and this new human life, the baby-to-be, is kept close to the heart of mother-to-be until it has become strong enough to enter the world. Some fine morning everybody is happy over the birth of the baby. Mother is happiest of all. Father probably worries some because the baby hasn't any nose to speak of and looks like the dickens. But to mother baby is beautiful even if nobody else can admire the red-faced, squalling little stranger.

Talk it over quietly with mamma some time when she is hearing you say your prayers, Mary. She will tell you that the stork is not to be taken too literally, but merely as one of those mythical personages. And as you grow a few years older and learn how little birds hatch from eggs and how the eggs grow near the mother bird's heart, your mamma will help you to understand just as much as any of us know about where all the babies come from into the here.

Meanwhile I do hope the stork will leave a little brother or sister at your house, if he can possibly spare one for you.

Sincerely yours,

DR. BRADY.

### QUESTIONS AND ANSWERS

**Jack Dempsey Similarly Afflicted**  
I have read your advice about heart muscle, but I am troubled with muscles all through my body as well as heart muscles.

**ANSWER**—Most of us nowadays are troubled for want of it. You might try two miles of oxygen three times a day on the hoof for it.

**School Boards and Company**  
To what extent may the school board be held responsible when a little girl repeatedly brings home something besides knowledge in her head? Our little girl has been infested with vermin four times in the past year. (Mrs. G. L. C.)

**ANSWER**—I don't know. One would have to examine the head of the board to determine that point. In a general way the school board is just as responsible for "company" as it is for the sore throats, adenoids, bed-wetting, scabies, nervousness and various other disease conditions caused or aggravated by unhygienic conditions in the schoolroom.

## THE PEOPLE'S FORUM

### WHAT ABOUT IT?

Now that the city council has ordered thru the paper everybody to "clean up" their premises, what is the city going to do toward it?

Wouldn't it be well for the Police or some other officer of the city to go about and see what he can see?

We become accustomed to eye sores, seeing them become such gradually—we pass them every day without seeing them.

Take for example the south end of Lawe St.—closed to the public—but cans, bottles etc., are thrown there and no one seems to pay any attention—even garbage has been thrown over the rail—and left to rot.

Then there's Old Lawe St. Bridge—ruined, wrecked, worn out—condemned—is it to be left till entirely carried away by the current? There are good timbers in it—they could at least be used for firewood. They'd supply fuel for the City Home for a long, long time—and perhaps give the inmates something to do in sawing them up.

And again, there's an old hulk of a tug—The Marston? in the river, partly sunken—what about that? Surely it doesn't add to the beauty of the city? There must be much good material in it. It's at least worth the power to blow it up. Because it is in the river is it the business of the Government to get it out? Well who shall remind them? Is it a repetition of the old saying "What's everybody's business is nobody's business?"

What's the use of having beautiful shrubbery planted at one end of a street when the other end of it is decorated with ugly bill boards? What's the need of planting shrubs, our ravines, when our natural God given parks, our ravines, growing naturally and freely the most beautiful shrubs and trees known, (the wild apple, witch-hazel, hawthorne, prickly ash, thornapple, hazelnut, butternut, hickory nut, basswood, beech), and wild flowers of every kind and color are being filled as rapidly as possible with the city's rubbish?

### PASADENA DANCERS SLOW UP BY 10 P. M.

Pasadena, Calif.—Tourist devotees of torpichore, or shimmying jazz music addicts will have to seek other diversion here o' nights after May 1.

A drastic ordinance forbidding dancing or the playing of dance music between the hours of 10 p. m. or 8 a. m. recently adopted by the city commission, becomes effective on that date in Pasadena, one of the country's most popular tourist centers.

The new ordinance applies to halls or homes within twenty-five feet of any dwelling. Any person playing a dance music record within twenty-five feet of a dwelling during the restricted hours could be arrested.

## TWENTY-FIVE YEARS AGO

Friday, May 10, 1895.

Assemblyman John Uecke of Osborn was in the city.

The work of laying the foundation of D. E. Reese's new residence on Onida street was in progress.

C. P. Rigg, had gone to Park Falls, where he was to be employed in the new paper mill that was being erected in that city.

The flume of the Whiting mill near Stevens Point gave out, causing a delay of about a month.

The house of August Last on the Kimberly road in the Fourth ward was badly damaged by lightning.

Negotiations were completed by William Tesch for the purchase of Mrs. Magdalena Hipp's property at the corner of Appleton and Washington streets, where Mr. Tesch expected to erect a new three story business block.

A son was born to Mr. and Mrs. E. E. Arnold.

An attempt was made by some unknown person to set fire to the residence at the corner of Second and State streets, purchased by David Dey, who was about to move here from Antigo. The outside of the house was saturated with kerosene and a bunch of paper ignited and laid at the corner.

Herman Parsons, an employee of the Wisconsin Malt and Grain company, caught his left hand in the rope of a hoisting tackle and had his thumb torn off. He was removed to Prescott hospital.

Robert's popular summer hotel at Neenah was to open the following week.

Eddie Baer and Frank Holbrook rode to Fond du Lac on their wheels.

### What's in a Name?

A Johnson, Andrew, hoist by fate  
To presidential chair,  
Was wont all comrades to berate;  
A misfit was he there.

Another Johnson, Hiram, comes.  
Like Andrew, ranting strong;  
In seeking presidential plums,  
Vows all but him are wrong.

Comparison with any gink  
Is apt to blight his fame,  
But still I cannot help but think  
There's something in a name.

### Some of the Departed Might Need One

We permit nothing to interfere with our service; we are prepared for any emergency. For example: As part of the complete equipment of our magnificent funeral car we have included even a fire extinguisher. If such a rare thing as an accident should occur it wouldn't have a chance to do much damage. J. H. Wyner, Undertaker. —Ad in Cedar Rapids, Ia., Gazette.

### THE RACE FOR PRESIDENT

The sheriff—he got beaten in the live-liest kind o' race,  
But he ain't in nowise sorrowful at losin' o' the place,  
For he's going to run for president, in glory an' in grace,  
An' he thinks he'll be elected in the mornin'!

The coroner's been slighted by his friends an' all the fates;  
They're none o' them a-dyin', though he's swingin' on their gates,  
An' he's goin' to run for president o' these United States,  
An' he thinks he'll be elected in the mornin'!

The vigilant town marshal has been feelin' sorter blue;  
He can't collect his salary 10 months before it's due,  
So he's made a desperate rifle for the presidency, too,  
An' he thinks he'll be elected in the mornin'!

Praise God, we're all a-runnin', it's a free an' open race;  
Toward the presidential chair each man has set his face,  
An' it's just as sure as preachin' that we're goin' to win the place,  
For we think we'll be elected in the mornin'!

## MENASHA MAN PARTS WITH \$18 FOR JAG

WALTER GIBBS TELLS COURT HOW MAN CAN GET DRUNK IF BANK ROLL IS BIG ENOUGH

Getting drunk is a rather expensive "luxury" nowadays. At least that is the belief of Walter Gibbs of Menasha, who appeared in municipal court this morning to tell how it all happened.

Gibbs was not feeling well so went to a Neenah doctor, who gave him a prescription with which to get some whiskey. He paid the doctor \$5 for his advice and the piece of paper. He proceeded to a drug store where he bought a pint of booze, for which he paid another \$3.

Just why he came to Appleton to take his "medicine" is not known, but he was found at the rear of the Central Motor Car Company garage about eight o'clock last evening by Officer Ratzman, and his condition was too bibulous to convince the officer that he hadn't had anything strong to drink.

After relating his story, the judge fined him \$5.80, which with the court costs of \$4.20 made a total of \$10 which he had to part with as the last installment on his lark. He is minus \$18 today as the result of his adventure.

### Bleibbaum-Zastrow Wedding

The marriage of Miss Esther Bleibbaum, daughter of Mrs. August Bleibbaum, 998 Superior street, to Elmer Zastrow of Morrison, took place at seven o'clock last evening at the parsonage of St. Paul Lutheran church. The Rev. T. J. Sauer performed the ceremony. Miss Emily Zastrow of West De Pere, sister of the groom, attended the couple. The bride was attired in a blue suit and hat, and carried a shower bouquet of roses and sweet peas. Miss Zastrow also wore a blue suit and hat and carried carnations. The wedding guests were entertained at a wedding dinner following the ceremony, at the home of the bride's mother. The young couple left on a wedding trip for Milwaukee where they will spend a few days. Upon their return they will make their home in Morrison.

### Jolly Eight Club

The Jolly Eight club met last evening at the home of Miss Etta Bongers of 789 Jefferson street. Prizes at cards were won by the Misses Della Schwahn and Lena Lange. A dainty luncheon was served. The next meeting will be held at the home of Miss Erna Springstroh.

### Entertains Marthas

Miss Gertrude Woods was hostess to members of the order of Marthas at a meeting yesterday afternoon at the home of Mrs. James Woods, East

parlors of First Methodist church. Each guest was expected to bring a dollar which she had earned herself and tell how she earned it. More than \$60 was collected.

A program was presented under the direction of Mrs. H. L. Post. Numbers included vocal selections by Mrs. J. E. Stocker, Miss Irene Albrecht and Miss Grace Siddons, and recitations by Mrs. W. H. Dean, Miss Doris Brenner, Miss Mildred Bunnell and Mrs. Mark S. Catlin were accompanists.

### Big Orchestra Coming

## WRESTLING STARS GRAPPLE 2 HOURS WITHOUT A FALL

SMALL CROWD SEES CLASSY  
SCRAP WITH SCHOBER AND  
MEYERS AS THE PRIN-  
CIPALS

Billy Schober, Indianapolis, and  
Johnny Meyers, Chicago, world mid-  
delweight champion, went one hour  
and fifty-seven minutes without a

phed a scissors to Schober's left  
arm, and Billy converted the hold in  
to one more to his own liking.  
The grapples started slowly, and  
it was ten minutes before Schober  
gained a headlock, which Meyers  
broke with ease. The grapples were  
on the mat, but scored for holds  
without either gaining a material ad-  
vantage. Schober used a head scis-  
sors, but it had little effect. Meyers  
got his first real hold a headlock,  
and Schober's supporters breathed  
easier when he pulled out safely. The  
fighting began to speed up, and sev-  
eral times both men went off the  
mat, and had to be pulled apart on  
the floor.

Schober's toe hold caused the fans  
to sit up, but Meyer dragged Billy  
off the mat to save himself.  
In the semi-windup, Peter Hiller,  
and Cliff Stammer, two local youths,  
went thirty-three minutes without a  
fall. Hiller had considerable advan-  
tage in weight, but Stammer stuck  
gamely, and had the fans with him.  
Hiller assumed the offensive thru-  
out, and altho he tossed Stammer all  
over the ring, the little fellow always  
came back for more. Stammer earned  
a draw by his work.

GREEN RAY SPEEDERS  
ARRESTED IN APPLETON

Two Green Ray men helped to  
swell the membership of Officer Ratz-  
man's speeders' club by operating  
their automobiles at a high rate of  
speed on Lake street May 3. They  
were Herman Miller and D. Betten,  
both of whom promised to appear in  
court this afternoon.

The Misses Romayne Fewell, Hazel  
Meyers and Mary Salmon were at  
Ripon last evening to attend a party  
given by the Eastern Star.

fall in their match at the armory  
Thursday night. Referee Otto Tom-  
linson called the bout off with three  
minutes time remaining, as the mat  
was badly ripped, and neither of  
the grapples could gain a foothold.  
Schober was more than a match for  
the champion and earned what lit-  
tle shade there was.

Last night's show wrote fins to  
the wrestling game in Appleton un-  
less a millionaire who doesn't care  
what he does with his money takes  
a fling at the promoting job. The  
box office receipts totaled \$310, less  
than Meyers' share. The crowd was  
a big disappointment, and proved  
conclusively that there are few  
wrestling bugs in this city.

Schober, in the pink of physical  
condition, showed wonderful speed  
and fight against Meyers. Billy  
fought a cool, calculating battle, and  
was seldom in real danger of being  
pinned by the champion. Meyers  
had little difficulty in breaking Billy's  
head holds, but with the toe hold it  
was a different matter. The Polish  
speed boy played a defensive game  
until the last fifteen minutes of the  
match, when he went after Schober  
in great style.

The highest chance for a fall came  
shortly after an hour of battling,  
when Schober turned one of Meyer's  
head scissors into a double toe hold  
and applied beaucoup pressure. Mey-  
ers, unable to break loose, dragged  
Schober off the mat, and the damage  
was over.

Only a few minutes previous,  
Schober had landed a wicked toe,  
and was slowly forcing Meyers to the  
mat when the champ pulled the same  
trunt. Billy also got Meyers with  
the same hold earlier in the bout,  
but the champ rubbed Schober's face  
and broke away. Meyers had ap-

## BENTON IS ELECTED LEGION POST HEAD

Captain Homer H. Benton was  
elected commander of Oney Johnston  
post of the American Legion at the  
annual meeting at armory G last eve-  
ning. Other officers are: Edgar Schom-  
mer, vice commander; L. Hugo Kel-  
ler, post adjutant; William Zilske,  
post finance officer; Charles C. Bak-  
er, post historian; the Rev. G. E.  
Stickney, post chaplain.

Delegates to attend the state con-  
vention of the American Legion were  
elected as follows: L. Hugo Keller,  
James R. Rolfe, Homer H. Benton  
and J. H. Balliet. The delegation was  
instructed to use all efforts to bring  
the 1921 meeting to Appleton.  
A committee was appointed to con-

**ORDINANCE NO. 18.**  
 An Ordinance relating to sewer and water connections.  
 The Mayor and Common Council of the city of Appleton do ordain as follows:  
 Section 1. All dwelling houses or other buildings used for human habitation within the corporate limits of the city of Appleton, located adjacent to a public sewer and a public water supply, or in a block through which sewer and water systems extend, shall be required to be connected with such sewer and water systems in such manner as may be deemed reasonably necessary by the Board of Health.  
 Section 2. If any person or persons, firm or corporation, fails, neglects or refuses to connect any building or buildings with any public sewer and water system for more than ten days after being notified to do so in writing by the Board of Health, the common council may cause such building or buildings to be connected with such sewer and water systems and the costs and expenses in such case shall be assessed as a special tax against the property and such amount shall be levied and collected in the same manner as other taxes, provided such amount shall be levied and collected in one sum unless, within 30 days after the completion of the work of making such sewer and water connections, the owner of such property and premises shall file a written opinion with the city clerk stating that he cannot pay such amount in one sum and asking that such amounts be levied and collected in not to exceed five equal annual installments. If such option is so filed, such amount shall be collected in installments and the installment due each year together with interest thereon at the rate of 6% per annum from the date of completion of such work shall be levied and collected.  
 The balance of such amount together with interest thereon at the rate of 6% per annum shall remain and constitute a special tax lien against such property and premises until wholly paid.  
 Section 3. This ordinance shall take effect and be in force from and after its passage and publication.  
 Passed May 5, 1920.  
 J. A. HAWES, Mayor.  
 Attest: E. L. WILLIAMS, City Clerk.

INVITE APPLETON  
PEOPLE TO FEAST  
FOR THE GIDEONS

SPLENDID PROGRAM IS PREPARED  
FOR MEETING AT WETH-  
ODIST CHURCH  
SATURDAY

A number of Appleton business men and their wives are to be guests at the banquet of the Wisconsin Gideons, which takes place at six o'clock tomorrow evening at the First Methodist church. The convention opens in the afternoon with a business session and the banquet follows as the first social event of the gathering.

S. A. Fulton of Milwaukee is to be toastmaster and it is planned to have brief addresses by Gideon members, pastors and others.

An impressive service, devotional in its nature, will take place following the banquet. It is to be a camp fire meeting and will open at 7:30 o'clock at the First Congregational church. P. M. Brink of La Crosse will be the moderator. A short song service will be conducted by H. B. Henderson of Madison, a scripture lesson read by Ira Danks of Fond du Lac and prayer offered by W. J. Knights of Janesville.

C. W. Brown of Oshkosh, one of the favorite tenor soloists of the Gideon order, will also be on the program.

A short address of welcome to the visiting Gideons will be delivered by George F. Warner, secretary of the Y. M. C. A., to which P. K. Schlafer of Milwaukee will respond. Then follow six campfire talks, messages of cheerful inspiration, by the following members: B. C. Howell, Madison; W. T. Unbrecht, Appleton; G. W. Schneck, Milwaukee; H. J. Yapp, Fond du Lac; John Rosenkranz, Oshkosh; and G. Hammond, Chicago.

The program will close with a song by the Gideon male quartette. The convention lasts through Sunday evening.

**WANT ENTIRE FAMILYS  
AT COMMUNITY PROGRAM**

The community night program takes place at 7:30 o'clock this evening at the First Congregational church. Emphasis has been placed on gaining attendance of whole families, wholesome enjoyment being afforded for the children as well as the adults.

Three organ numbers will be played by Miss Doris Brenner. They are "Toccata"—E. d'Evry; "Gavotte"—Mignon; by Thomas; "Military March" by Elgar. There will also be community singing while films are being changed.

The picture shown tonight is "The Sign of the Cross," with William Farnum taking the leading role. Important events of early christian history are portrayed, the whole being compiled into a fascinating story.

**HUNTERS MEET HERE TO  
DISCUSS GAME LAWS**

A meeting of Outagamie county hunters, interested in deer hunting and game preservation, will be held

at the courthouse at eight o'clock Wednesday evening, May 26, to discuss closing the deer hunting season, according to word received this morning by Herman J. Kamps, county clerk, from the Wisconsin conservation commission.

The commission has under consideration various methods of conserving Wisconsin deer and wants advise of Outagamie county hunters before action is taken. It has been proposed to close the deer hunting season for one year and also to limit hunters to one buck during the hunting season. The commission will make its decision after securing advice of hunters.

**SCHOOL COMMITTEE OF  
STATE HERE JUNE 15**

At a meeting of the committees on common schools of Outagamie and adjoining counties a year ago a resolution was adopted making the meeting an annual affair with the Outagamie county committee in charge. The latter committee, at its meeting at the courthouse Tuesday, decided to issue a call for the annual session which will be held at the courthouse, Tuesday, June 15. An invitation has been extended to the committees of all the counties of the state. The purpose of the meeting is to discuss school problems in general.

**TWO MENASHA ROAD  
SPEEDERS ARRESTED**

Charged with speeding on the Appleton-Menasha road, H. A. Schneider and Norbert Schmitzer were arrested in municipal court at Oshkosh Wednesday morning.

They were arrested by Arno Reinke, county motorcycle "cop," on Monday when it was said they were driving their cars at more than 50 miles an hour.

Schmitzer pleaded guilty and was fined \$10 and costs. Schneider will fight the case.

**TWO ATHLETICS OFF

## STATE HOPES TO MAKE FARM LIFE PLEASING

RURAL PLANNING SCHOOL IS TO BE HELD IN STATE CAPITOL NEXT WEEK SATURDAY

Madison, Wis.—Wisconsin is taking the initiative in solving the problem of making farm life more attractive and of keeping young people upon the farms. At a rural planning school May 15, in the capitol building, representatives of county rural planning committees and others interested will give their views upon this subject. Farmers, who are members of the county rural planning committees from all over the state, are expected. Many speakers will be men of prominence who have given a great deal of study to the question. The general subject of rural planning, the initial paper, will be discussed by C. P. Norgard, commissioner of agriculture. County planning and relation to rural life will be discussed by F. A. Aust, professor of landscape design, University of Wisconsin, and roadside beautification will be the subject of a paper by John A. Hazelwood, chairman of the Wisconsin highway commission. A program for county planning committees, which is designed to give an outline of the way in which county planning committees shall carry on their work, will be the subject of a paper by R. C. Davis, chairman of the La Crosse county board.

Rural Planning and History  
Rural planning in relation to the

preservation and restoration of historical and archeological points will be the theme of a paper by C. E. Brown, chief of the State Historical museum, while the beautifying of country school grounds will be discussed by Frederic Cranefield, secretary of the Wisconsin Horticultural Society.

Mrs. Nellie Kedzie Jones will read a paper on planning for rural recreation. The value of community centers and rural fairs will be discussed by B. G. Packer, the state director of immigration. The part that the country school can take in rural planning will be the subject of the paper by W. E. Larsen, state supervisor of rural schools. State and county parks and plans for new county parks will be outlined by C. L. Harrington, state forester. The attitude of the Wisconsin press in relation to rural planning will be discussed by W. J. Anderson. Farm architecture as an aid to rural planning will be the subject of a paper by A. C. Chas. Milwaukee. The necessity of organization of societies of friends of our native landscapes will be discussed by J. G. D. Mack, state engineer.

What is being accomplished by city planning in Milwaukee will be the subject of a paper by C. B. Whitman, secretary of the Milwaukee county park board. This school will be followed by several similar meetings.

amount of money in circulation among young men is that gambling and idleness are becoming very common. Some form of excitement is apparently necessary, and because many young men can work one-half of the time, and still live there is a great deal of loafing, with gambling as a result.

"It is important to notice while there are so many young men idling away their time in gambling, there are practically no unemployed women in the state. The demands for women in the factories were never so great as at the present time.

"The report of shortage and surpluses, of labor at the present time, is reported by the public employment offices on the week ending April 17, shows that there are over 1,000 calls for help which we have been unable to fill.

"The farms of Wisconsin, as well as of the whole country, are operating at the present time with 70 per cent of the normal amount of hired help."

### DOING HIS DUTY

"For two years I suffered agonizing pains in my stomach, belching up sour and bitter fluids and gas. Tongue always coated. Doctors were unable to help me. The first dose of May's Wonderful Remedy made me feel 100 per cent better, and I am now feeling better than at any time in my life. I deem it my duty to advise other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

### U. S. INSPECTION OF NEENAH GUARD FRIDAY

(Special to Post-Crescent)

**CHICAGO AUTOISTS PRAISE BADGER ROADS**

Madison.—The latest number of the Chicago Automobile Club Journal declares that Wisconsin highways are the finest automobile roads in this country. "In Wisconsin are being built, by that progressive State," says the article, "highways, the most magnificent in the country—astonishing! Wisconsin's internal conditions are the best in the United States—her agriculture, manufactures, institutions. Any little interior town is a gem, and her people in the darkest corners beautifully cared for. The true birthplace of the eagle is Wisconsin, and she cares for and develops her brood just like an eagle. Minnesota's touring ground is not Minnesota—it is Wisconsin, Illinois touring ground is not Illinois—it is Wisconsin. Where every body goes fame and money and prosperity follows."

**Where is Relief From Blazing Skin Diseases?**

Must I Endure Forever the Torturous Itching?

The skin is fed from the blood, and upon the condition of the blood depends whether or not your skin will be healthy and free from boils, pimples, sealy irritations, red eruptions and other distressing and unsightly disorders.

The sensible treatment that will show real results is a remedy that will cleanse the blood thoroughly and kill the germs that cause the trouble. And for this purpose no remedy ever made can approach the record of S. S. S. which cleanses the blood of the disease germs, at the same time building up the general health.

**Where is Relief From Blazing Skin Diseases?**

Must I Endure Forever the Torturous Itching?

The skin is fed from the blood, and upon the condition of the blood depends whether or not your skin will be healthy and free from boils, pimples, sealy irritations, red eruptions and other distressing and unsightly disorders.

The sensible treatment that will show real results is a remedy that will cleanse the blood thoroughly and kill the germs that cause the trouble. And for this purpose no remedy ever made can approach the record of S. S. S. which cleanses the blood of the disease germs, at the same time building up the general health.

## THREE YEARS WITHOUT HOPE

A Story of Sickness and Suffering with Final Return to Health It will do you good to read it

No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as did Mrs. Rozalia Kania of 39 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Slept with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take PE-RU-NA."

Catarrh effects the mucous membranes in any organ or part. PE-RU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns.

For coughs, colds, catarrh and catarrhal conditions generally, PE-RU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Hartman's well-known PE-RU-NA, the sooner you may expect to be well and strong and in full possession of your health. A bottle of PE-RU-NA is the finest emergency, ready-to-take remedy to have in the house. It is fourteen ounces of prevention and protection.

Sold everywhere in tablet or liquid form.

## GIANTS WIN CLOSE GAME FROM THE ROBINS, 2 TO 1

**NEW YORK**—A single by Knuff in the first inning that scored Fletcher gave the Giants the margin they required to defeat the Dodgers on Thursday, 2 to 1. The Dodgers also scored once in the opening frame, but Phil Douglas kept them in check. Score: Brooklyn 2 0 0 0 0 0 0 0 1 New York 1 0 0 0 0 0 0 0 2

## BOSTON BRAVES DEFEAT PHILS IN SWATTEST, 8-0

**PHILADELPHIA**—Ineffective pitching by Smith and errors behind him gave Boston a lead that Philadelphia could not overcome on Thursday, Boston winning, 8 to 0. The locals batted Scott off the mound and tied the score in the fourth. Gowdy's third two base hit drove home the winning run in the fifth. Score: Boston 8 2 0 0 3 0 0 0 1-8 Philadelphia 0 1 2 1 1 0 0 0 0-0

## PIRATES AGAIN DEFEAT CHICAGO CUBS, 3 TO 1

**PITTSBURGH**—Pittsburg defeated Chicago for the second time at home, 3 to 1. Cooper held the Cubs to four hits. A pass, a single, a sacrifice and an out at first scored the visitors' single run. The Pirates filled the bases in the first inning on three singles and Caton walked, forcing the first run. Score: Chicago 0 0 0 0 1 0 0 0 0-1 Pittsburgh 1 0 0 0 1 0 1 0 3-1

## CARDS HAND DRUBBING TO CINCINNATI REDS, 6-0

**ST. LOUIS**—St. Louis defeated Cincinnati by 6 to 0. Haines held the visitors to three scattered hits. Better was taken out in the seventh after Fournier, the first man to face him, tripped and McHenry singled. Poor fielding by the champions contributed to the defeat. Score: Cincinnati 0 0 0 0 0 0 0 0 0-0 St. Louis 6 1 0 0 0 2 2 1 6-0

## WHITE SOX LOSE TWO STRAIGHT TO INDIANS

**CHICAGO**—Cleveland made it two straight from Chicago on Thursday, winning, 3 to 2, in ten innings. The visitors took the winning run across when Wilden weakened in the tenth inning and issued his only pass to O'Neill. Ragby sacrificed him to second and he took third on Graney's infield out. Chapman then dropped a single in left and O'Neill scored. The locals had the bases filled in their half of the tenth, but were unable to hit. Score: Cleveland 3 0 0 0 0 0 1 0 1-3 Chicago 0 0 2 0 0 0 0 0 0-2

## YANKEES BEATEN BY WASHINGTON, 4 TO 1

**WASHINGTON, D. C.**—Bunched hits enabled Washington to defeat New York on Thursday by 4 to 1. Schacht was steady throughout and was never in trouble. Score: New York 0 0 0 0 0 0 0 0 0-1 Washington 2 1 0 0 0 0 0 1 4-1

## BOSTON RED SOX TRIM PHILADELPHIA ATHLETICS

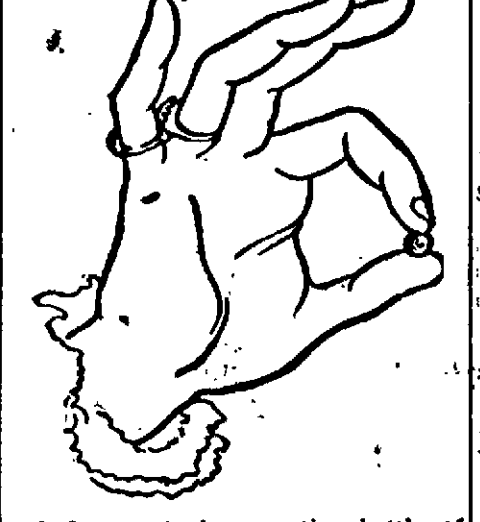

**BOSTON**—Two doubles by Hendryx and two errors by Galloway, aided Boston to defeat Philadelphia on Thursday, 3 to 1. Jones yielded only four hits and was backed sensationally by McNally and Hooper. Scott's error in the ninth paved the way to the visitors' run. Score: Philadelphia 0 0 0 0 0 0 0 0 0-1 Boston 3 0 0 0 1 0 0 0 3-1

## TIGERS BUNCH HITS BEATING BROWNS, 6-4

**DETROIT**—Bunched hits in three, innings of the second game of the St. Louis series won for Detroit on Thursday by the score of 6 to 4. Oldham was hit harder than Van Ciger, but the visitors were unable to group their smashes when they were needed to count. The feature of the game was a remarkable catch by Veach of a drive off Tobin's bat in the ninth. Score: St. Louis 0 0 0 0 1 0 0 2 1-4 Detroit 6 0 0 0 0 2 2 2 6-4

## This Laxative Is Now in Half a Million Homes

They regulate their health with Dr. Caldwell's Syrup Pepsin

WHERE there are women and young children and elderly people it is always well to have a mild, gentle-acting laxative like Dr. Caldwell's Syrup Pepsin handy. This is a combination of simple laxative herbs with pepsin which does all that is required in constipation and does it with safety and comfort. It is free from narcotics and may be given to babies. Half a million mothers have it in as many good American homes, and these families are healthier for it. Every drug store sells Dr. Caldwell's Syrup Pepsin.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

## DR. CALDWELL'S SYRUP PEPSIN THE PERFECT LAXATIVE

"The Gumps" a musical farce comedy based on Sydney Smith's popular cartoon will be presented at Appleton Theatre on Thursday, May 13, by Norton, Dummell and Klint, Inc. The book was written by Howard McKent Barnes, the lyrics and music by Casper Nathan and Isham Jones, and according to reports this newest musical and farcial production is said to be fully abreast of anything in this line seen here in some time and unsurpassed in point of comedy, music, sartorial splendors and pretty girls.

"The Gumps" is unfolded in two acts and six scenes, reputed to be the last word in lavish decorations complete with every essential concomitant.

The cast of 50 includes singers, dancers and comedians of exceptional ability and reputation led by James R. Fraser and Bessie Clifton in matchless portrayals of Andy and Min, the principal characters of the cartoons.

## INTERLAKE CREWS LAID OFF; REHIRED

**Manitowoc.**—One hundred and twenty-seven men, comprising crews of five interlake boats, who were laid off on Saturday when news came from the main office of the Interlake company at Cleveland that the steamers would not run this season, were rehired on Tuesday. Strikes of longshoremen at Lake Superior ports and lack of sufficient coal from the mines on the lower lakes prompted the company to take its original action, but with improvement of labor conditions it is expected the ships will clear in a few days. The interlake boats wintered here and for several weeks the crews have been fitting them out.

## ENTIRE FAMILY DIES WITHIN ONE MONTH

**Melick.**—The entire family of Wenzel Skwor, farmer here, has died within a month. Four weeks ago when a baby was born the mother died, and the baby survived until Tuesday. An hour after the infant's death the father died from heart failure. Within two years there have been eleven deaths in the Skwor family.

## A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

## BADGER DEATH RATE SHOWS BIG INCREASE

DEATH RATE HIGHER LAST MONTH THAN IN ANY OTHER MONTH IN LAST 13 YEARS

(Special to Post-Crescent)  
**Madison.**—The death rate in Wisconsin for the first three months of 1920 was considerably higher than the rate for any similar period in the past 13 years, according to mortality reports compiled by the state board of health. The rate was 15.6 per thousand population, based on total deaths of 10,618.

"This excessive mortality," the board explained, "is due almost entirely to the influenza epidemic which appeared early in January and continued in various parts of the state through January, February and March."

The actual increase in deaths over the corresponding period in 1919 was 1,621.

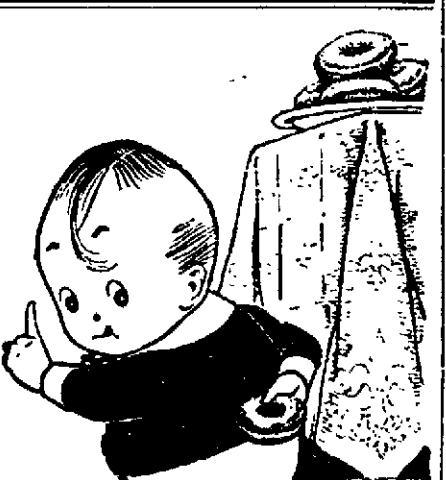

From study of reports it is believed possible that the recurrence of influenza and of pneumonia following influenza the past winter was more fatal among older persons than during the first outbreak of influenza in the early fall of 1918.

The number of deaths from important causes during the first quarter follows: Pulmonary tuberculosis, 584; other tuberculosis, 33; typhoid fever, 11; diphtheria, 77; scarlet fever, 92; measles, 50; whooping cough, 96; pneumonia, 1,839; diarrhea, enteritis, under 2 years, 174; meningitis, 66; influenza, 1,513; puerperal septicemia, 33; cancer, 546; violence, 289. Decreases from the 1919 totals are shown in deaths from "other" tuberculosis, typhoid, meningitis and violence.

"The five-year average for scarlet fever, measles and whooping cough, when compared with the report for 1920," the board continued, "indicates that these three diseases have been especially prevalent during the past three months. Whooping cough, for instance, which is considered a very mild disease, took 96 valuable lives during the past 3 months. These deaths were practically all among children under 1 year of age. These statistics emphasize strongly the necessity for reporting all cases of whooping cough to the health officer so that the house can be placarded and the general public protected. The placarding does not interfere in any way with the activities of the adults in the family. Children who have whooping cough cannot leave the premises."

## MEMPHIS LEADS OFF WITH AERIAL FILLING STATION

Has Special Field Where Aviators Can Land and Take on Gas—Big Water Company Finds Planes Good Business Getters.

(Special to Post-Crescent.) Memphis, Tenn.—Memphis was the first city in the United States to establish an aerial filling station where plane owners may taxi up and get their quota of gas with as much ease as motorists.

The filling station of the Memphis Aerial Co. has proven a great boon to aerial travelers in this section of the country.

There is a whir in the air. Then

a plane breaks into view, circles the field and dives for a landing. The bearded pilot then taxis up to the familiar red pump in one corner of the field and orders his gas.

"Where'd you come in from?" the husky boy who turns the crank asks. "New Orleans," the pilot replies. "Need anything else?" asks the gas boy.

"Nope," replies the pilot. "Just dropped in for a little gas. Well, you might put a little water in the radiator."

And then he's gone and the gas boy begins scanning the sky for his next customer.

Down in Memphis, they're using planes now for more than pleasure and stunts.

The Lane & Bowler Waterworks Co. maintains two and has found them such good business-getters that another is to be added to the fleet.

This company became converted to the use of the airplane for commercial purposes when one of its representatives used a plane to beat a rival concern to a neighboring town, Stuttgart, Ark., and landed a \$70,000 waterworks contract.

Salesmen fly from customer to customer, unhampered by railway schedules or railway strikes. Lloyd Lane, president, believes the time is coming when practically all long-distance traveling will be done via airplane.

George C. Garrison of the Memphis Aerial Co. thinks his service station is merely the pioneer in a field which some time will extend all over the world.

In former times all tobacco confiscated by the English customs authorities was destroyed by burning in a furnace called the king's pipe.

**CAPTAIN EARNEST HILL**, of Portland, Me., who says he was not able to report for duty before taking Tanlac, declares he feels like a new man now and is on deck every day ready for work.

"I feel just like a new man since I began taking Tanlac and I am not only willing, but I am anxious to tell other people what this medicine has done for me," said Captain Ernest Hill, Portland, Me., recently.

Captain Hill is in command of the Ben Hur, flying between Portland and Casco Bay. He has been in the service for ten years and is held in high regard as an officer and citizen by all who know him.

"I have suffered from indigestion and stomach trouble for the past eight years," continued Captain Hill, "and at the time I started taking Tanlac I was in such a weakened condition I could hardly stand up. When I walked I would actually stagger like a drunken man and, at times, would have to hold on to something to keep from falling. After every meal I would simply suffer torment. My food would sour and I would swell up so with gas I could hardly get my breath. I would also have awful smothering spells at night and sometimes I would have to get up to get my breath. Lots of times I would have to open the windows and doors to let in fresh air, or go out into the open air in order to get my breath. I could not find anything to do me any good and along toward the last I became so weak and nervous I could not do my work."

"Five bottles of Tanlac have made a wonderful change in my condition. It helped me from the very first dose and now I feel as good as I did when I was twenty years old. I sleep fine and have a fine appetite and feel like a new man in every way. I am now able to be on deck every day ready for duty."

Tanlac is sold in Appleton by John E. Voigt; F. O. Town, Shiocton; Dr. J. M. Sattler, Bear Creek. adv

## SUFFRAGE PASSES DELAWARE SENATE

By United Press Leased Wire  
Dover, Del.—The resolutions ratifying the woman suffrage amendment to the federal constitution passed by the senate of the Delaware legislature yesterday, was sent to the house today.

The vote in the senate was 11 to 6. The house several weeks ago defeated a ratification resolution but suffragists said sentiment has changed and claimed they expected approval of the resolution by the lower house when the new measure is called up.

## HOPES FOR SOLDIER BILL ARE DIMMING

By United Press Leased Wire  
Washington, D. C.—Prospects for the passage of soldiers' bonus legislation at this session of congress are growing dimmer, house leaders admitted today.

Members of the ways-and-means committee favorable to the bonus, said that it would be impossible to pass any measure through both house and senate before the recess for the political conventions and since none of the money would be paid before next April, many favor shifting the question over until next session.

It is probable that the party platforms will contain some mention of the legislation.

## ANTHRAX CAUSES FIVE DEATHS IN CHICAGO

By United Press Leased Wire  
Chicago.—Anthrax, a mysterious disease, has taken the lives of five persons in Chicago, health officials declared today.

Three of the victims were employees of the Chicago Curled Hair Company and health authorities have ordered the factory closed. Officials believed the disease was contracted from handling hair imported from Argentina.

One of the other victims was thought to have become infected from a shaving brush. Authorities have not learned how the fifth victim contracted the disease.

The last death caused by anthrax here was May 4, according to health authorities.

## BRITAIN SPENDS MILLIONS TO KEEP SUPREMACY OF AIR

Will Retain Thousands of Men, Establish New Works in Possessions and Will do Wide Experimental and Research Work

(By Milton Bronner)  
(Special to Post-Crescent.)  
London.—Burdened with debt though Great Britain may be, she intends to spend in the coming year over \$145,000,000 for her military aviation service, which will employ over 3200 officers and more than 23,000 men.

In other words, the British who claim that the close of the great war found them with undisputed ascendancy in the air, intend to maintain that superiority.

Over \$35,000,000 will be spent for technical and war-like stores. Of this sum \$7,000,000 is allowed for airplanes, sea planes, engines and spares, \$1,000,000 for armament and ammunition and \$2,500,000 for rewards to inventors. Over \$10,000,000 is allowed for construction of new works and additions and alterations in those already existing in England, Egypt, Palestine and Mesopotamia.

Four million 500 thousand is allowed for the encouragement of civil aviation, of which nearly one million dollars is allowed for the erection of buildings on the imperial air routes and \$150,000 for flashing lighthouses to serve as guides to airmen.

Four hundred thousand is allowed to the meteorological service which is expected hereafter to issue regular reports for special guidance of civilian airmen.

The government is not content with appropriating \$2,500,000 to be paid to inventors. It has also allowed for an expenditure of over \$12,500,000 for the experimental and research services the army will itself maintain.

WHEN new factories seek a location, when old established industries consider enlarging their plants—one of the first questions that arises is—"Is Power Cheap in the vicinity?"

Factories must have Power. Without it they can not operate. With the Power supply inadequate to meet demands, actual or potential, or with rates prohibitively high, production is handicapped, business impaired, community development retarded.

These are days of keen competition between municipalities. Boards of Commerce vie with each other in their efforts to attract industries to their city. They know, as you know, that new industries bring new wealth and talent, that they mean new life, growth and prosperity for their community and its citizens.

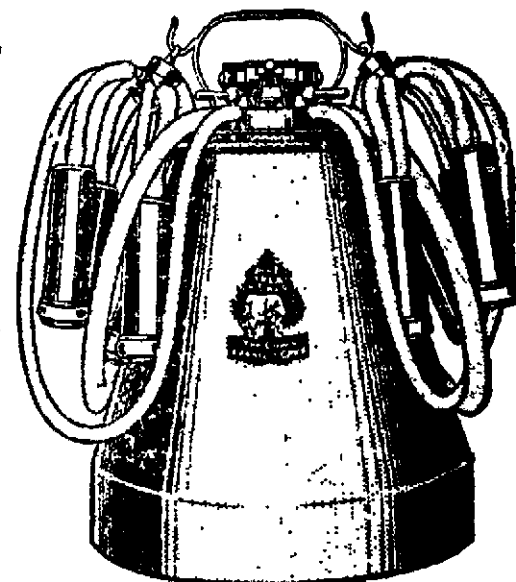

In this struggle for new business, the best argument that can be brought to bear on an enterprise considering a location is, "Power is Cheap and Abundant in Our City. Come Where You Can Reap These Advantages."

It is gratifying to us to recall that the whole history of this Company is marked by a constant effort to contribute unstintingly to the welfare and progress of the vicinity by supplying Cheap, Reliable, Plentiful Power.

## PINE TREE MILKER

Does Away with the Extra Man

One man, with the Pine Tree Milker, can easily milk more cows—get more milk from them—and do it in much less time than it takes two men to milk by hand.

Saves your time and strength for other things. Does away entirely with

the extra man—his wages and his keep—or you can double your herd with the same help.

Don't Buy Any Milker Until You See The Pine Tree

The Pine Tree Milker has made a record for itself that has never been equaled by any other milking machine. In two short years it has become acknowledged to be the world's greatest milker—used and endorsed

by many of America's biggest and most successful dairymen. It is "cow perfect" as well as mechanically perfect. It is the one mechanical milker that sells absolutely ON ITS RECORD.

Come In or Phone

It will pay you to investigate this Milking Machine proposition from every angle. Of course you are figuring on getting some kind of a Milker. But be sure you choose the right one. Let's get together and go over the wonderful record of the Pine Tree.

First or last see the Pine Tree Milker. Buy the one that looks best to you, but see the Pine Tree! Don't risk getting any but the best!

Remember, you need not pay all cash—your word is good.
